# HILLS ROAD SIXTH FORM COLLEGE: TEXTBOOKS WHICH NEED TO BE BOUGHT

Some A level course subjects require students to have access to a specific set text / textbook that they will need for their studies. Whilst students may purchase a physical copy, in many cases these textbooks can be accessed digitally by students, using their own device, through services provided by our Library. Where students do opt to buy a physical copy, it is very important that they purchase the exact edition specified. When purchasing, please check both the title and the ISBN to ensure that you have the right edition; this is particularly important for students embarking on one of our English courses, for whom several different editions of the set text exist.

Please note that the majority of subjects also require you to purchase resources.
